

Summer Scavenger Hunt

Some things to look for this summer. (Use the back of this sheet, and more paper if you need to)

1. A bulletin from another church you visit this summer
2. A one paragraph description of a place you visit this summer, describing the natural surroundings- the kinds of trees, plants and animals you see there.
3. A local person willing to answer the following questions:
 1. What do people who live there like to do?
 2. What do you think is the most important environmental issue this area is facing in the next twenty years?
 3. Do you think living here affects your sense of God? If so, how?
4. A picture of a flower, or lake, or stream, or rocks from a place you visit this summer (you could take a picture with a camera, or draw one. Postcards ok too)

Please return your scavenger hunt items in an envelope (you could use the one this paper came in) to the church at the end of the summer. Thanks.
